of Engineers®

## MD 175 PROJECT PLANNING STUDY

### MARYLAND DEPARTMENT OF TRANSPORTATION, STATE HIGHWAY ADMINISTRATION AND US ARMY CORPS OF ENGINEERS WILL CONDUCT A JOINT LOCATION/DESIGN PUBLIC HEARING

This project concerns proposed modifications to MD 175 (Annapolis Road) from MD 295 (Baltimore/Washington Parkway) to MD 170 (Telegraph Road) in Anne Arundel County.

The purpose of the Location/Design Public Hearing is to formally present the results of the detailed engineering and environmental studies that have been conducted and to receive comments. Maps and other exhibits depicting the studied alternatives will be on display for public viewing. Agency representatives will be available to answer questions. A formal presentation lasting approximately 30 minutes will be followed by public/private testimony. The time limit for public testimony will be three minutes per person.

This hearing also provides the opportunity to present comments on aquatic resources in the project area regulated by Section 404 of the Clean Water Act that will be considered by the US Army Corps of Engineers in evaluating a Department of the Army permit.

**Thursday, June 26, 2008**  
**Displays Available – 6:00 p.m.**  
**Presentation – 7:00 p.m.**  
**Meade Middle School**  
**1103 26th Street**  
**Fort Meade, Maryland 20755**
