

Transportation Improvements are being considered for US 301 in the Waldorf area

What would the alternatives mean to you?

US 301 plays a major role in helping you get where you need to go in and around Waldorf. At a series of public workshops (listed below), the State Highway Administration (SHA) will present several alternatives designed to relieve congestion and improve safety. We hope you will attend one of the workshops and give us your thoughts on the project. Your input will help SHA determine how best to improve travel in the US 301 Waldorf area. To receive a brochure that explains the project, its background, and the alternatives under consideration, please complete and return the attached form or log on to the project website at www.US301Waldorf.org and add your name and address to the mailing list.

Attend a Public Workshop to see which routes and locations are being considered

March 20, 2007
5:30-8:30 PM
Mattawoman Middle School
10145 Berry Road
Waldorf, MD 20603
