

**MARYLAND DEPARTMENT OF TRANSPORTATION
STATE HIGHWAY ADMINISTRATION
MD 24 (Rocks Road)
Section G Slope Protection Project
Informational Workshop**

The Maryland Department of Transportation's State Highway Administration (SHA) invites interested persons to attend an Informational Public Meeting regarding the initiation of project design for the MD 24 (Rocks Road)-Section G Slope Protection Project. The Section G project limits extend approximately 700 to 2,000 feet south of Sharon Road. Section G, one of seven sections of MD 24 that require repair, will include the reconstruction of MD 24 while minimizing impacts on Deer Creek. The proposed design for this section of MD 24 includes a two-lane roadway and new traffic barriers along northbound MD 24. The purpose of the project is to remediate the slopes that support MD 24 and to repair the roadway and associated features. Pending the availability of funds, SHA expects construction to begin in summer 2018. To maintain traffic during construction, a full road closure will be necessary and traffic will be detoured to MD 23 and MD 165. Access to Rocks State Park and adjacent properties will be maintained.

WHAT: The Informational Meeting will acquaint attendees with the project and provide an opportunity to discuss project details. Maps and displays will provide project information, and SHA and other agency representatives will be available to answer project-related questions. You may arrive at any time during meeting hours and walk through the display area at your own pace.

WHEN: Tuesday, December 1, 2015 – 6:30 p.m. to 8:30 p.m. *Snow Date – Tuesday, December 8, 2015
**(Meeting will be held on snow date if county public schools are closed or if the county's snow emergency plan is in effect.)*
