

MD 140 (Reisterstown Road) Intersection Improvements

Summer 2007

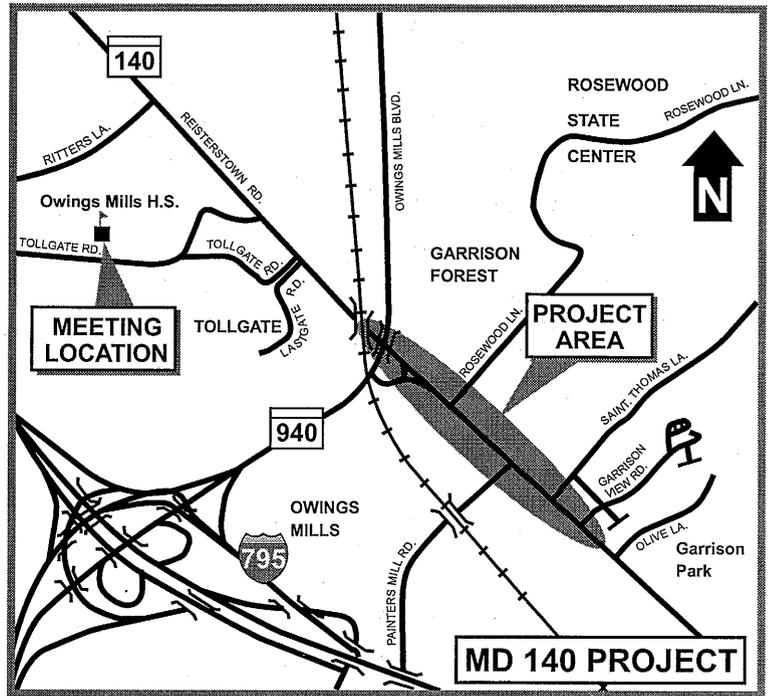

PUBLIC MEETING ANNOUNCEMENT

WHAT:

The Informational Meeting will display the latest design drawings for MD 140 (Reisterstown Road). Beginning at 6:00 p.m., maps and displays showing the proposed improvements will be available for your viewing. There will be a presentation starting at 7:00 p.m. to explain the new design details. SHA staff will be available to discuss the plans and answer questions.

WHO:

Nearby residents, business owners, and interested persons are invited to attend an Informational Meeting sponsored by the Maryland State Highway Administration (SHA).

WHEN:

Tuesday, August 21, 2007
6:00 p.m. - 8:00 p.m.

WHERE:

Owings Mills High School
(Downstairs Cafeteria)
124 Tollgate Road
Owings Mills, MD 21117

WHY:

NEW DESIGN DETAILS

SHA has completed 35% of the preliminary design of the improvements along this section of MD 140. MD 140 will be a six-lane divided roadway from Garrison View Road to north of Owings Mills Blvd. A new six-foot wide median will be built between Saint Thomas Lane and Rosewood Lane.

During this stage of the engineering phase, SHA designers have offered several suggestions on how to provide a safe roadway for motorists and improve daily operations and overall aesthetics. The project design includes the following:

- The MD 140 improvements will provide double left-turn lanes from MD 140 northbound to Painters Mill Road westbound.
- Painters Mill Road eastbound will be modified to provide triple left-turn lanes onto MD 140 northbound.
- Five-foot sidewalks will be constructed on both sides of the roadway throughout the project limits.
- Bus stops will be moved and consolidated to accommodate better pedestrian use of buses.

continued on back

PROJECT SCHEDULE:

- 60% Design Completion (*Winter 2007*)
- 100% Design Completion (*Fall 2008*)
- Construction Begins (*Spring/Summer 2009*)

QUESTIONS:

If you have questions or comments regarding the MD 140 (Reisterstown Road) Intersection Improvements Project, please do not hesitate to contact Ms. MarieFrance Guiteau, Project Manager, at 410-545-8885, or toll-free at 1-888-228-5003, or via email at mguiteau@sha.state.md.us.
