## PROJECT UPDATE

The I-70 Phase 2D project is in its 8th month of design and 3rd month of construction.

Construction activities completed last month included the sanitary sewer work and the Washington Gas relocation along South Street.

Construction activities scheduled for this month include foundation pile for the bridge, placement of earth fill at the four corners of the existing I-70 bridge over South St., and partial demolition of the existing bridge over South Street.

Construction activities for next month include bridge abutment construction and retaining wall installation between I-70 EB & Lafarge quarry, and .

For everyone's safety, please drive carefully, stay alert and reduce speed when traveling within the project work zone.

**WE REQUEST THAT THE PUBLIC NOT TRESPASS IN CONSTRUCTION AREAS.**
