WORK AREAS

- ▶ I-70 WEST-BOUND
- ▶ I-70 EASTBOUND
- ▶ MONOCACY BLVD
- ▶ SOUTH STREET
- ▶ AMERIGAS ENTRANCE
- ▶ REICH'S FORD ROAD

PROJECT UPDATE

The I-70 Phase 2D project is in its 20th month of design and 15th month of construction.

Construction activities completed last month included erection of bridge structural steel and storm drainage along I-70 EB.

Construction activities scheduled for this month include storm drain installation across I-70 WB/EB, Monocacy Blvd. railroad crossing, and earth hauling along I-70. Monocacy Blvd extension is scheduled to open mid June.

Construction activities for next month include continuation of earth hauling from I-70 EB/WB to fills along new slopes of the widened I-70, bridge superstructure construction, and widening of Reich's Ford Road.

A series of on/off ramp closure for Exit 55 is scheduled to begin late June through September for construction of the new ramps.

For everyone's safety, please drive carefully, stay alert and reduce speed when traveling within the project work zone.

WE REQUEST THAT THE PUBLIC NOT TRESPASS IN CONSTRUCTION AREAS.

June 2012
