

**MD 32 Linden Church Interchange**  
**Ten Oaks Road Reopened to Traffic**

August 2, 2013

I am pleased to announce that Ten Oaks Road has reopened to traffic as of Friday, August 2, at 2:30 p.m.

The section of Ten Oaks Road just south of West Linden Church Road had been closed since June 17 to allow crews to install storm drain pipe and change the grade (slope) of the road for improved sight distance.

We appreciate your patience during this closure and look forward to sharing more details about the project progress in the August project construction update newsletter, coming soon.
