2.0 DEFINITIONS

Administration – Maryland Department of Transportation, State Highway Administration.

Average Daily Traffic – The number of vehicles flowing in both directions along a particular segment of roadway during an average 24-hour period.

Divided Highway – A highway consisting of two roadways, with traffic in one direction of travel separated from traffic in the opposite direction by a median or barrier.

Divided Uncontrolled Highway – A divided highway having at-grade access to/from adjoining roads or driveways.

Driver Expectancy – Temporary traffic control should be designed and applied in a manner equal to or better than permanent/existing conditions, so as to compensate for the unexpectancy of the work zone situation, thus providing positive guidance for the road users traversing the area.

Engineer – A person designated by the Administration acting directly or through his duly authorized representative, such representative acting within the scope of the particular authority and duties assigned to that person.
