View Respond

The **QA Concurrency** sub-tab shows details about existing modification request and status. There are several buttons to select from depending on the desired action

The New Request button is utilized to create a new concurrence request. This button should not be used to respond to an existing request.

The View button will open the request input form submitted by the contractor representatives or the CPE. This will allow you to see the request details and status.

The Respond button is utilized to post new comments, questions or responses to a request. This is also how the REC will approve or deny concurrence

Clicking on **# Responses** will expand the information to include all the comments and responses related to the specific modification request.
